

Improve Your Agency's Security with Help From IIAMT

Cyber criminals are exploiting the disruption businesses are currently experiencing by increasing their social engineering tactics, creating fake COVID-19 related domains, increasing phishing attacks and so on. How do you protect your agency? Where do you start?

The Independent Insurance Agents of Montana would like to help put you on a path to improving your agency's security by sharing 7 valuable tips and a Free Cyber Risk Assessment*.

[Click here](#) to receive the "7 Tips for Securing Your Agency Against Cyber Threats" and request a Free Cyber Risk Assessment* with your, no obligation, Coalition cyber liability quote.

[IIAMT members have access to Coalition](#), the leading technology-enabled cyber insurance solution for commercial risks up to \$1B in revenue. During the quoting process, your agency's public network and web properties undergo an automated risk assessment to identify known issues and potential security weaknesses. This information is organized in a Free [Cyber Risk Assessment](#) to better understand your agency's security posture.

*Must have website to receive a Cyber Risk Assessment.
