**CONVENTION ROOM BLOCK DEADLINE APPROACHING**

A block of rooms has been reserved for the IIAM/PIA Joint Conference at the DoubleTree by Hilton in Missoula. The reservation deadline is September 17th, so get your rooms now! Mention “Montana Joint Venture Conference” for special rate of $104/night.

DoubleTree by Hilton
100 Madison
Missoula, MT 59802
Reservation Phone: 406-728-3100
Reservation Cutoff: September 17

Online Reservations can be made at our webpage: [http://bit.ly/MTJointConferenceHotel](http://bit.ly/MTJointConferenceHotel)

After the reservation deadline of September 17, the block of rooms will be released to the general public. Since the meeting is taking place on a football weekend, it is likely that the hotel is already turning people away from our block of rooms. Everyone who plans to attend the conference should make their travel plans as soon as possible.

Come early on Sunday, October 2nd for the Darrell Bjornson Memorial Golf Tournament. The main conference opens Monday, October 3rd at noon and runs through mid-day Wednesday, October 5th. In between we have action-packed professional development sessions, networking events, poker tournaments, the largest insurance tradeshow in Montana, tours of Missoula sites and CE.

Don’t get a penalty! Register for the conference, and reserve your hotel room.
The Trusted Choice Junior Golf national qualifying tournament was held at Bridger Creek Golf course in Bozeman on July 15th and 16th.

Joey Moore of Billings carded a -7 under 137 for two days edging out Sean Benson, also of Billings. Kylie Esh of Missoula claimed the girls title with a great two-day score of 5 over par. Once again the skills challenge was enjoyed by all along with the awards banquet. Another highlight was a hole in one by Billings golfer, Blake Loberg.

Moore, Benson and Esh represented Montana at the National Trusted Choice tournament in Sacramento, California. Sean Benson finished 23rd overall with an excellent 4-day total of +2 over par and Joey Moore finished 43rd overall. Kylie Esh had two respectable rounds, but failed to make the cut.

For complete results check out the [tournament website](#).

A special thanks goes out to Bryan Hall of First West Insurance Agency for making this tournament one of the premier youth tournaments in the state. Once again Bryan did a great job organizing the tournament. The youth golfers and parents truly appreciate this event.

Kudos to Tom Chamberlin, Keith Nelson and Kerri Emmons for running the tournament over the course of two days!
Montana insurance agents are on pace to surpass our state InsurPAC goal and earn our 4th consecutive Eagle Award from the IIABA. Thru July Montana insurance professionals have contributed $8,075 to InsurPAC.

Join Conference Calls with One Touch  Steve Anderson Tech Tips

I participate in many conference calls. Scheduling calls with clients, listening to webinars, and participating in ACT workgroup calls are just a few examples. For most of these calls, I need to use my cell phone to join the call.

Using your mobile phone to dial a long conference call number is a pain. First, there is the phone number and then the dreaded passcode! Once I do get on the call, if I somehow lose connectivity I have to go through the entire process again. It is very frustrating.

Several years ago I discovered an app for my phone — MobileDay — that allows me to dial into a conference call with just one touch. It continues to be one of my more useful apps!

Here is how it works: You allow MobileDay access to your calendar. MobileDay can recognize the calling pattern for all the main conference services. So, as long as you have the conference call number and passcode as part of your calendar entry, you simply touch the big button with the phone on it and the conference call number and passcode will be dialed for you automatically.

This one-touch dialing feature works both as a host of a teleconference or as a participant.

Since connectivity can be iffy on a cell phone, MobileDay allows you to reconnect with just one touch, minimizing downtime. If you are running late, you can send a message to all attendees letting them know via email or SMS.

MobileDay is available in the iTunes Store, as well as on Google Play as an Android app. The basic app is free and is likely all you need.
