

In-Home Barbers and Beauticians on the Rise; Need Home Business Coverage

With the COVID-19 crisis temporarily shuttering hair salons and barber shops, many of these small business owners have migrated their business into their own homes.

Now is a good time to remind these entrepreneurs that the coverage they had in their shop doesn't translate to their home. An RLI Home Business Insurance policy protects in-home beauticians and barbers from business exposures such as property theft or damage and personal injury, with:

- Premiums starting as low as \$150 annually (depending on coverage limits)
- Liability limits up to \$1 million
- Business property protection up to \$100,000 with a low \$250 deductible
- Barbers/Beauticians Professional Liability coverage included

The past few months have been challenging for us all, but small business owners have been hit particularly hard. Give them one less thing to worry about and contact them regarding an RLI Home Business Insurance policy today.
